Bingatti Amber

Binghatti Amber

Binghatti Amber project features symbolic design cues, where individual balconies are interwoven together to form a unified community. This interesting pattern creates an illusion which makes the building's static environment appear as a dynamic design. The building's unique balcony design provides outdoors spaces for residents to enjoy, while also ensuring a sustainable design by providing shade which greatly reduces the amount of energy required to cool the living spaces of the building.

The building showcases Binghatti Developers' signature contemporary design style while also keeping traditional elements found in Middle Eastern art and architecture in consideration. The unique balcony design of the building offers residents an outdoor space to enjoy without compromising privacy. The building's prime location ensures a great investment for its future owners.

Planned for Practicality

A variety of apartment types assure comfortable living spaces for every resident. Each apartment's distinctive design is implemented without compromising practicality. The interiors were meticulously planned to maximize convenience without compromising elegance.

Spacious & Splendid

The two bedroom apartments in Binghatti Amber are an abode of repose. The plush interiors offer a perfect balance of pragmatic design and modern form. Replete with modern fixtures and furnishings, these apartments are an ideal choice for families.

Impeccable Detail

The lavish materials and uncompromised finishing throughout the building depict supreme quality and craftsmanship from only the most distinguished of international suppliers. All the fittings and fixtures within the apartments are hand-picked to perfectly compliment the interior design. The sliding glass doors and windows create a perfect balance between interior and exterior spaces while maintaining the highest level of environmental control and functionality.
